Wallpaper Hindi alphabet design inspired. Equipo Drt introduces this wallpaper collection 'Divertimento' with the firm hope to get the sensibility of an audience educated on the latest trends and with the wish to express in their home or in a public space this freshness and disposition, which does not forget the freedom provided from what we call "the culture of design". The designer Antonio Solaz shows us in this catalogue a large-scale formal record, more or less expressionist and reserved, which is related through a warm coloured palette, properly combined. A chromatic idea that is typical of the Mediterranean and that combines perfectly with the contemporary spaces to which we are headed. Non-woven, semi washable and easy to remove.
