## Badoer

483 Salvia

Ref. 20449

Badoer fabric builds on this theme with asymmetrical stripes interspersed with Ottoman striping with plain fabric serving as transition, looking like the six-column façade construction of Villa Badoer and its corresponding temple-like front aspect. In addition, the Ottoman stripes have been given emphasis on the borders to provide a greater sensation of depth for this textile design. Just like the outsides of this famous villa.

### Composition

65% Alg./Cot - 35% Pol.

### Width

300 cm.

### Weight

590 gr.

### Martindale

11000

### Horizontal/Vertical pattern repeat

### Valid for
