Moneo

993 Perla

Ref. 21490

A woolen-look curtain fabric full of body and with a great drape. Semi-opaque and flame-retardant, this fabric provides a natural and balanced look to any space. Its design incorporates a light diagonal pattern superimposed over a veined texture to give a sense of movement.

Moneo, which comes in a 320 cm width, is the ideal flame-retardant curtain fabric for creating luxurious spaces without ostentation, simply based on high quality materials. Thanks to its Trevira thread composition with a touch of wool, it can be used in any ambience.
