# 007 Crudo

Ref. 22143

Java is a fabric that transports you to a tropical paradise, where nature unfolds in all its splendor. Designed by Equipo DRT, this vibrant and exuberant print captures the essence of the island of Java, with a dynamic composition of parrots, toucans and lush vegetation of anthuriums and birds of paradise and exotic foliage.

Printed on a 140 cm wide linen and cotton blend, Java is a fabric rich in texture and expressiveness, ideal for both curtains and upholstery. Its design, full of color and vitality, turns any space into a natural refuge, evoking the freshness and energy of the tropics with a sophisticated and decorative touch.
