Siwa

014 Greige

Ref. 222213

Siwa is a premium linen fabric with an organic texture that evokes natural materials such as tree bark or the surface of the earth. Its irregular structure enhances the natural beauty of the fibre, offering a sophisticated and timeless finish for curtains, cushion covers, and throws. Designed with circularity principles in mind, it is ideal for spaces that emphasise the luxury of understated materials, where quality and subtlety take centre stage. An exclusive creation by the Equipo DRT design team, conceived for high-end interior projects seeking authenticity, character, and elegance.
