Oaxaca

Colours : 2

---

111 Lima

---

Inspired by desert flora, this patterned fabric gets its appeal from its yellow, blue, and green color palette. These colors breathe life into the organic shapes of the cacti and broad-leafed vegetation. Made from an extremely versatile, Teflon-treated acrylic fabric, Oaxaca comes in a 140 cm width. Suitable for both outdoor and indoor spaces, it is machine-washable, resistant to sunlight, and is water, oil, and mold repellent.
